CIA INFORMED LBJ that Red China's next A-bomb blast will be detonated from a jet plane. To make the world's front pages and frighten you . . . Sen. George, recovering slowly from major surgery, may never resume his Senate seat . . . The Prez offered Cy Vance the post of CIA chief. He is now second in Command at Defense . . . John Bailey has the title of Nat'l Demo Chairman, but folks close to The White House tell you Clifford Carter is the man who really hands out the jobs . . . The Russian Embassy in Japan is handling the Viet Nam peace feelers with our Dept. of State . . . Defenseo McNamara nixed the 20th Anny. celebration of Germanys' defeat in West Germany. Felt it might offend them now that they are on our team.
